Thanks for the follow-up, Steve. Having just taken a look at the most recent "Consent Decree Paragraph 20 Report," I was about to get back in touch with you.

I will follow up with Patrick when he returns.

Enjoy Lollapalooza; for whatever it's worth, the weather forecast for Saturday looks perfect.

**Subject:** AK Steel- Dearborn Works - Status on Request for ESP Information

Good afternoon, Louise.

I wanted to follow-up on our conversation regarding USEPA's request for information on the rebuild of the ESP at AK Steel's Dearborn Works.

In order to make sure we provide EPA with the information it needs to best assess this issue, Dave Miracle (AK Steel General Manager - Environmental Affairs & Sustainability) reached out to Patrick Miller. Given the intricacies of ESPs, Dave figured Patrick would be able to best identify what EPA wants to see in our response.

Dave has not heard back yet from Patrick, and in a follow-up call today, Dave learned that Patrick is out of the office until August 1.

AK Steel would still like to gain the insights of Patrick on the scope of the response that EPA is looking for. So Dave intends to follow-up with Patrick again after August 1. EPA's June 27 letter did not include a deadline for submitting the information. But we want to be timely and responsive, so I figured I'd send you this quick note on our status.

Please let me know if you have any questions.

By the way, I am going to be in your wonderful city this weekend. My daughter Victoria (the one that hopes to attend SAIC next fall) and I are going to Lollapalooza on Saturday. It's been a couple of years since we have been to Lollapalooza. The weather currently looks gorgeous. Hopefully it holds!

Steve
